

## **Narration - “Midnight Snack”**

Wendy enjoyed being a mother to Peter and Tink and the Lost Boys, and those days were very happy days on the island. True, the Pirates were always somewhere about, but Peter kept a watchful eye during the day, and at night, when it was time for bed in the little underground home, the Indians kept watch in the clearing above. And so days and weeks went by.

But you can never count on Pirates keeping still for long. They get restless after a while, and since they couldn't surprise the Lost Boys without first facing the Indians, the Pirates decided to stage a midnight attack. They landed on the beach just after sunset, some distance up the shoreline, where Captain Hook addressed his crew.
