

## "Where I Am Meant To Be" Songs of Confidence

I'm doing my personal part (walk with me... sing with me... dance with me... we'll fly away...) No one has to think I'm anything more than what I was made to be And I'm doing my personal part (walk with me... sing with me... dance with me... we'll fly away...) Right here in the place where I am meant to be

I'm singing my individual song It's part of a bigger symphony than you or I can see And I'm singing my individual song Right here in the place where I am meant to be

Oh-oh. Oh-oh-oh-oh-oh It takes courage in the moment Oh, it takes courage in the moment now It's your song, and you know it's yours to sing - It's yours to sing it Open up the window Let your song go out

I'm building my own "friend will you walk with me" beat (walk with me... sing with me... dance with me... we'll fly away...) No one else's is like it It's my unique signature on the street And I'm building my own "friend will you walk with me" beat (walk with me... sing with me... dance with me... we'll fly away...) Right here in the place where I am meant to be
